EXPLANATORY NOTE

IN THIS INDEX all original contributions, editorials, transactions of societies biographical and historical sketches etc. that have been published in *SURGERY GYNECOLOGY AND OBSTETRICS* during the twenty years July 1905 to June 1925 (Volumes I-VI), together with all collective reviews that have appeared in the *INTERNATIONAL ABSTRACT OF SURGERY* beginning February 1911, are carefully indexed and cross-indexed to provide ready access to the great volume of material that has been presented. The year, volume and inclusive pages for each reference are given in the order named.

C C S indicates reference to Clinical Congress of Surgeons material that in certain issues appeared in supplements that were not included in the regular paging system of the journal. The folios shown are those of the supplement and not of the journal proper.

I A S indicates reference to collective reviews that have appeared in the *INTERNATIONAL ABSTRACT OF SURGERY*.
